|                                                                                     | Scotch, Club Soda, Lemon Wheel<br>Garnish                                                               |
|  | <b>HEMINGWAY DAIQUIRI</b> ..... \$849                                                                   |
|                                                                                     | Light & Dark Rum, Luxardo Maraschino<br>Liqueur, Lime Juice, Simple Syrup, Grapefruit<br>Juice, Bitters |

Hemingway didn't like sweet drinks, so as the story goes, sometime in the 1930s he asked the bartender at Havana's El Floridita to make him something like a daiquiri with "No sugar and double the rum."

|                                                                                     |                                                                   |
